Dear Mary,

How would you like the "privilege" of getting the first post card I've found time to write since leaving home a week ago? Nancy Hawlaker (a nurse's aide) at Methodist took me down to tour the hospital this afternoon and it was really interesting. I saw David in his "whites". He's really enjoying it and doing all sorts of things. I'm really busy but enjoying myself. I've got a full schedule. Take care Lovingly, Meriam
